118 Tourism after Lockdown

- A still life – pandemic landscapes: picture series and text by Filip Wolak
- The end of tourism? A look into the past, the present and the future of tourism
- Boosting Aloha in tourism. The pandemic brought Hawaii's tourism industry to the knees
- Barcelona – when a city is a brand: between the tourist gaze and its search for a sustainable future
- "Barcelona is no holiday destination, it's an urban experience" – Interview with Xavier Marcé, Councilor for Tourism and Creative Industries at Barcelona City Council
- Accessing volcanic landscapes. Iceland's tourism best practice
- The Nonconformists: A portrait of FairBnB
- The challenges of tourism – in a nutshell
- Pilgrims and followers. Venice between the needs of residents and the demands of tourism
- "Using data allows us to (...) make the city more liveable for its residents" – Interview with Luigi Brugnaro, Mayor of Venice
- Changing course: Few tourism industries seem as controversial as the cruise ship industry. A reflection.
- Recovery in paradise. Thailand's way to sustainable tourism
- "Mass tourism is no longer the answer for our sustainable future" – Interview with Yuthasak Supasorn, Governor of the Tourism Authority of Thailand
- "We don't stay away from destinations that have had large numbers of visitors" – Interview with Tom Hall from Lonely Planet
- A still life – pandemic landscapes. Picture series and text by Philip Wolak

119 Curated by the City of Copenhagen

- Woman in architecture: A photo series
- Copenhagen in common. An introduction by city architect Camilla van Deurs
- What got us here, won't get us there. A viewpoint by Helle Sørholt
- Visions of water and the future of the city. Copenhagen's dilemma of viewing water as both a threat and a resource
- The climate crisis could pave the way for a "softer" Copenhagen. A viewpoint by Rikke Juul Gram
- From bikes to car-free areas: Traffic is the main challenge to carbon-neutrality
- Discussion with Mette Prag and Lene Bjerg Kristensen: What would the core of the city look like with no cars?
- Center spread
- Interview with Line Barfod, Mayor of Technical and Environmental Affairs at the City of Copenhagen
- Re-creation of the harbour: How its citizens reclaimed the harbour area of Copenhagen over the centuries
- Copenhagen in maps: Maps you are unlikely to see as a tourist
- From blue docklands to green rails: Experiences and learnings made the course of the planning of the North Harbour district
- There is a need for thoughtfulness: A viewpoint by Mette Lis Andersen
- Matter in motion: Anna Aslaug Lund on circular economy practices in Copenhagen
- The Faurbys: Lawrence Ebelle interviewed three generations of Copenhageners

1 Topics

120 Energy City

- Energy Infrastructure: A photo story
- Energy and the city: An introduction
- History of household electricity. The humble beginnings of electric light, water boilers and stoves in private households
- The joule: Putting the scales of energy into perspective
- Reykjavik: A city portrait of one of the most energy efficient cities in the world
- Salvation on Mars? How cities on Mars could be fueled
- What would a heat-proof city look like? As temperatures rise, here are four ways to cool cities down – saving both lives and energy
- Powering neighbourhoods in Australia: Australia's efforts to advance renewable energy
- Cities by night: City lights from above
- Politics in architecture: "A little effort in development can go a long way in the lifetime of a building."
- Seestadt Aspern: A trial run for the city of tomorrow
- Interview with Volker Quaschnig: "Basically, everything is already there and known. We just have to use it."
- The development of the energy mix in ten years. How have the shares of nuclear, fossil and renewable energies changed in ten years?

121 Urban Security

- Protest: A photo story
- Facets of security. Things that make our cities safer
- Cameras per square kilometer. A graphical comparison between Chennai and Busan
- The promise of security: How Smart Cities and digital platforms erode urban society and its safety
- Surveillance and security: How CCTV affects urban security
- The destructive power of words: How words caused a deadly riot in Washington
- Center spread
- From gymnasts to firefighters. A short history of fire departments
- A city that is safe for women: Ideas from Egypt to Rwanda to improve woman's security in urban spaces
- Shelter: A photo story
- The demons that I called. Cybercrime affects every one of us
- Three digits to call for help. The evolution of emergency calls
- The safest and most unsafe cities in the world. An infographic
